

Biopac Student Lab Teaching Systems **RANKED #1 FOR PHYSIOLOGY EXPERIMENTS**

The Human Anatomy & Physiology Society (HAPS) found that BIOPAC's Student Lab System (BSL) and AcqKnowledge software were the number one ranked data acquisition and analysis systems for physiology experiments performed in introductory A&P labs. According to HAPS surveys conducted in 2013 and 2016, BIOPAC products are used and preferred by members in more labs than any other companies.
